Early Admissions Exercise (EAE)

Are you taking your
N-Level or O-Level
exams this year?

Are you *interested* and
passionate about a course
at ITE?

If you are, you can
apply for the *ITE Early
Admissions Exercise!*

Scan to watch a video
on ITE EAE

WHAT IS ITE EAE?

ITE Early Admissions Exercise (EAE) allows you to apply for ITE courses based on your **aptitude** and **interests**, before taking your GCE N-Level or O-Level exams. If you are successful in the EAE, you will receive a conditional offer for admission to ITE.

WHO IS IT FOR?

ITE EAE (2023 intake) is for you if you are:

- Taking your GCE N-Level or O-Level exams in 2022
- Keen to pursue your studies in an ITE course
- Passionate with strong aptitude related to the course

ITE EAE may not be suitable for you if you are still unsure about your course of choice. You may want to further explore your interests, and apply for courses at ITE only after your GCE N-Level or O-Level exams.

HOW DO I PREPARE AND APPLY FOR EAE?

Find out more about ITE courses and related career options

- Course counselling at ITE
- Online research and visit the ITE website at www.ite.edu.sg
- Talk to your teachers, Education & Career Guidance (ECG) counsellors, family/relatives

Prepare for your application

- Prepare the write-up (not more than **100 words**) for each course you are applying for. Express your passion for the course in your write-up. Include your relevant skills/activities/experiences that demonstrate your aptitude for the course
- You can do so by using the template available for download from the ITE EAE application webpage

If shortlisted, prepare for an interview

- Bring along supporting documents, e.g. portfolio of related works, evidence of relevant experiences, and CCA records to the interview

WHAT IS THE SELECTION CRITERIA?

If you are shortlisted, you will be informed to attend an interview and will be assessed through:

- Portfolio of related projects
- Participation in relevant MOE Elective Modules and Applied Subjects
- Participation in work attachments, community/volunteer work, school/personal activities/projects, CCAs and competitions related to the course
- Aptitude tests (if applicable)

For course-specific criteria, refer to the ITE EAE application webpage.

DO MY EXAM RESULTS MATTER UNDER EAE?

After accepting the course offered under ITE EAE in Aug 2022, your GCE N-Level or O-Level exam results must meet the Minimum Entry Requirements (MER) of the course. Otherwise, the conditional course offer under ITE EAE will be revoked.

WHAT IS THE TIMELINE?

STEP 1

Application Phase (26 May – 1 Jun 2022)

Interested students can submit their applications on www.ite.edu.sg/apply-eae.

STEP 2

Interview Phase (21 Jun – 28 Jul 2022)

Shortlisted applicants will have to attend interviews and/or aptitude tests/portfolio assessment. The interview may be conducted either on-campus or virtually via Microsoft Teams.

STEP 3

Offer & Acceptance Phase (22 Aug – 26 Aug 2022)

Conditional offers will be made to successful applicants.

Applicants are required to accept the offer on ITE website by 26 Aug 2022.

Applicants who accept the offer will be guaranteed a place in ITE if their GCE N-Level or O-Level exam results meet the MER of the offered course.

STEP 4

Withdrawal Phase (29 Aug – 2 Sep 2022)

Applicants who accept the conditional offer but later wish to withdraw from ITE EAE must submit their withdrawal request to training@ite.edu.sg by 2 Sep 2022.

Applicants who have accepted the ITE EAE offer and do not withdraw by the deadline, will have the conditional offer automatically confirmed if they meet the MER of the offered course after the GCE N-Level or O-Level results are released.

Note: Students with confirmed ITE EAE offers will **not** be eligible to participate in other ITE admissions exercises, except for Sec 4N(A) students who are eligible for the Direct Entry Scheme to Polytechnic Programme (DPP).
