

17 March 2022

Dear Parent/Guardian,

Looking Ahead: Term 2 2022

The first quarter of 2022 has come and gone so very quickly and in a couple of days, Term 2 will begin for our students. We want to give thanks to God for seeing us through an exciting Term 1 with the various opportunities to start the year right. The Fairfield Learning Experience (FLEX) week at the end of the term provided wonderful learning experiences which will not only be remembered for a long time but will be useful for our students in time to come. It was also a time for the students to bond and learn about and from one another as they went through the different learning activities.

Term 2 promises to be another exciting term as the nation moves towards easing of the restrictions to curb the spread of the COVID-19. The National School Games (NSG) will begin and Squash will be the first sport scheduled to kick off the season on 24 April. Last year, our Squash boys, Football boys and Netball girls were a tad disappointed that they could not get to compete, but we are very hopeful that this year, they will not be denied the chance to represent their school in the sport they have been training so hard for.

The Fairfield Annual Run is another exciting event on the calendar to look forward to. Your child/ward will be challenged to walk/run during their free time from 28th March to 13th April and clock as many kilometres as possible (subject to a cap of 15km). The class as well as the CCA with the greatest distance clocked will win attractive prizes. There will also be an individual task card challenge where students can earn a limited edition Fairfield Annual Run T-shirt if they meet certain criteria. The Fairfield Annual Run is a good opportunity for you to bond with your child/ward as you engage in a healthy activity together. More information will be released to your child/ward in Term 2 Week 1 when the task cards are given out.

Term 2 is also a term when the Sec 3 students step up as leaders in their CCAs as their seniors relinquish their duties and focus on their Mid-Year Exams and O-Level Mother Tongue Exams in June. This will be a good time of on-the-job-learning as the student leaders face the challenges of leading their peers and the school. Do spend some time to find out about what your child/ward is going through in terms of their learning and experiences of leadership. You can also engage your children/wards in Sec 1 or 2 as they would also have opportunities to lead themselves and exert some form of influence on their peers.

May God continue to help us to grow stronger together as a community of active life-long learners and influential leaders.

Yours Faithfully,

Mr Wee Tat Chuen
Principal
